Panoptics Summer Party

Celebrating an exciting start
to 2018 and the much-
welcomed British Summer
time

With the sun now (occasionally) peeking out from behind the clouds, what better time for the annual Panoptics summer party.

Celebrating the busy start to 2018, some incredible new business wins and the tireless work our exceptional team of [IT specialists](#) deliver, the party was a time to let the hair down, drink a glass or two of bubbly and enjoy some delicious food with colleagues.

The garden party was blessed with glorious sunshine, providing a tropical feel befitting of the Jamaican theme. The whole team enjoyed a delicious array of tropical cocktails along with a seemingly inexhaustible amount of Caribbean beer and traditional Jamaican food, including curry goat, plantain, rice and peas.

As ever, the event was a great opportunity to celebrate recent achievements with our talented team who make it all possible. Over the past year we have seen the team & business grow exponentially with a host of new talent and skills, cementing Panoptics reputation as one of the UK's most innovative [IT service providers](#).
