# Panoptics support the Inspiration Awards for Teaching Excellence

Sponsorship of DRET's  
inaugural Inspiration Awards  
for Teaching Excellence

Following the delivery of [Managed WAN](#) services to DRET (David Ross Education Trust) academies across the UK, Panoptics, in collaboration with channel partner European Electronique, provided sponsorship for the Trust's inaugural Inspiration Awards for Teaching Excellence.

The David Ross Education Trust is a network of unique and diverse academies, committed to becoming one of the top performing multi-academy trusts in the country. Established by Carphone Warehouse co-founder David Ross, the Trust works with 34 primary and secondary schools across the country providing education for 12,000 students.

The awards gala dinner, held at the Trust's Northampton secondary school, Malcolm Arnold Academy, celebrated the outstanding work of exceptional teachers, teaching assistants and non-teaching staff across the Trust's 34 academies. The awards are a great opportunity to recognise the exceptional work the Trust's academy staff offer and Panoptics wish to congratulate all the deserving award winners.

We're always available to discuss any IT Project and would welcome the opportunity to talk it through. Get in touch now and we're confident we will find the perfect solution for your business.
