Fibre Broadband

We strongly believe that High speed connectivity doesn't need to be complicated. So, Fibre Broadband from Panoptics is a simple, cost effective and reliable connectivity solution for businesses of all sizes. A range of options including superfast, ultrafast and ultrafast+, our Fibre Broadband solutions offer reliable, high bandwidth speeds without complications.

Key Features

- **Up to 300 Mbps download speed** – Select from a range of download speeds to suit your business's requirements
- **Up to 48 Mbps upload speed** – Enjoy high speed upload speeds (speed dependant on solution chosen)
- **Free high speed router** – Business class router with every solution.
- **UK based technical support** – Expert advice and technical support at the end of the phone, whenever you need it.

Solutions Available

High speed connectivity doesn't need to be complicated. A range of options including superfast, ultrafast and ultrafast+, our Fibre Broadband solutions offer reliable, high bandwidth speeds without complications.

Ideal for businesses that want to take advantage of bandwidth hungry cloud based applications, VoIP or video conferencing within their business operations. Panoptics Superfast Fibre Broadband offers download speeds of 38 Mbps or 76 Mbps, a reliable always-on connection with excellent WIFI performance, all supported by our expert technical and customer service teams.

Benefit from increased speeds and ensure your business can take full advantage of bandwidth intensive and real-time applications in the cloud. Panoptics Ultrafast Fibre Broadband provides increased download speeds up to 150 Mbps along with reliable, high speed upload speeds. With a Fibre to the Cabinet connection, your business can confidently operate in the cloud and beyond.

Set your business free with Panoptics Ultrafast+ Fibre Broadband. Enjoy 300 Mbps download speeds and an impressive 48 Mbps upload speed as standard. Ultrafast+ lets your business embrace the latest cloud applications, collaboration tools and emerging technologies so your business can work smarter and faster.
